The 6th International Conference on Big Data and Cloud Computing (ICBCC 2019) will be held in the vibrant city of Kansas University, Missouri, USA on 9-10 September, 2019. ICBCC 2019 is a premier forum for researchers, practitioners, developers and users who are interested in cloud computing and big data to explore new ideas, techniques and tools, as well as to exchange their experiences. ICBCC 2019 will feature world-class speakers, oral and poster sessions, keynotes, exhibitions, demonstrations and tutorials and is expected to attract many leading researchers and industry figures from all over the world.

TECHNICAL SCOPE

In 2019, we will celebrate our 6th edition of gathering, to strive to advance the largest international professional forum on big data and cloud computing. We invite the submission of original, unpublished technical papers on topics including but not limited to:

- Big data architectures (e.g., Apache Hadoop, Apache Storm, Apache Flink, Apache Spark, MapReduce)
➤ Cloud security and privacy
➤ Cloud services and applications
➤ Cloud virtualization
➤ HPC in the cloud
➤ Machine learning in the cloud
➤ Big data science and foundations
➤ Big data infrastructure
➤ Big data management
➤ Big data search and mining
➤ Big data security and privacy
➤ Big data applications
➤ Machine learning for big data

PUBLICATION

All accepted papers will be submitted for publication in Springer (acceptance pending) and made available through SpringerLink Digital Library, one of the world's largest scientific libraries.

Proceedings are submitted for inclusion to the leading indexing services: Elsevier (EI), Thomson Scientific (ISI), Scopus, Crossref, Google Scholar, DBLP, and others.
